E-DEI IN VET

A GLIMPSE INTO THE E-DEI IN VET PROJECT

As we set forth on this ambitious journey, it's essential to revisit the core of the E-DEI in VET project. Our mission is to revolutionize Vocational Education and Training (VET) by embedding the principles of Diversity, Equity, and Inclusion (DEI) at its heart.

The project brings together a consortium of two dedicated partners, Oloklirosi and CSCI, united by a shared vision: to create a VET landscape where every learner, regardless of their background, feels valued, has equal opportunities, and can thrive.

1ST MEETING RECAP: CHARTING THE COURSE FORWARD

The E-DEI in VET project officially kicked off with its first meeting held on the 5th and 6th of July 2023 at the Oloklirosi Headquarters in Heraklion, Greece.

This gathering marked a significant milestone, bringing together passionate minds from across the consortium to lay the groundwork for our shared mission.

UPCOMING ACTIVITIES: PAVING THE WAY FOR DEI IN VET

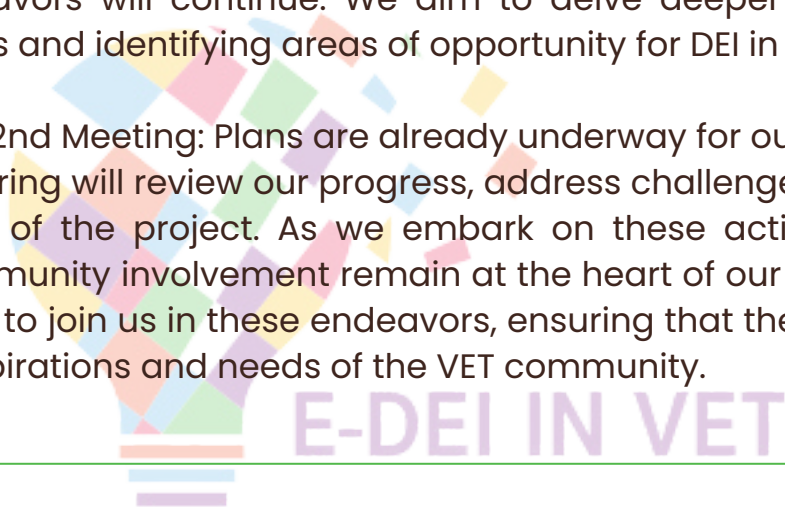

As we build on the momentum from our inaugural meeting, the E-DEI in VET project is gearing up for a series of exciting activities. Here is a glimpse of what is on the horizon:

Handbook Development: With the planning phase successfully concluded, the next few months will see our team diving deep into the creation of the E-DEI in VET Handbook. This comprehensive guide aims to be a beacon for VET institutions, offering actionable strategies, best practices, and case studies to foster DEI.

Community Engagement: Recognizing the importance of grassroots involvement, we will be initiating community engagement activities. These will include focus group discussions, feedback sessions, and interactive forums, allowing us to tap into the rich experiences and insights of the VET community.

Research Continuation: While the initial desk research has provided a solid foundation, our research endeavors will continue. We aim to delve deeper into specific areas, uncovering nuances and identifying areas of opportunity for DEI in VET.

Preparation for the 2nd Meeting: Plans are already underway for our second project meeting. This gathering will review our progress, address challenges, and set the stage for the next phase of the project. As we embark on these activities, collaboration, feedback, and community involvement remain at the heart of our approach. We invite all our stakeholders to join us in these endeavors, ensuring that the E-DEI in VET project truly reflects the aspirations and needs of the VET community.

EMBRACING DIVERSITY, EQUITY, AND INCLUSION IN VET: A PATH TO A BRIGHTER FUTURE

In today's rapidly evolving global landscape, the importance of Diversity, Equity, and Inclusion (DEI) cannot be overstated. While these principles have gained traction in various sectors, their integration into Vocational Education and Training (VET) is paramount. Here's why.

The Multifaceted Nature of Diversity

When we speak of diversity, it's not just about race, gender, or age. It's about recognizing and valuing the myriad experiences, perspectives, and backgrounds that individuals bring to the table. In the context of VET, this means understanding that every learner has a unique journey. Whether it's a young adult seeking skills for a new career or an older individual looking to pivot in their professional journey, each brings a wealth of experiences that enrich the VET environment.

Equity: Leveling the Playing Field
Inclusion: Beyond Just Being Present
